After we defeated the Evil Katla, the book all of a sudden had characters written in it.

TRANSLATOR NOTES

There are two translatons that I'd like to clarify. The first is Lilu's identity.

葬姫 "souhime"

The "hime" part, as some may know, means "princess". Sou comes from "houmuru" to bury, to entomb, to consign to oblivion. We chose to translate this as "Princess of Ruin".

The second is this little phrase:

春が儚い "haru ga hakanai"
this means "the spring is fleeting " or "short lived". What you don't see though is why the mangaka shows Haruna there. Well, taking the kanji from that phrase you get:
春儚 "Haruna"
